Correct: is **Delta Shipyard** blame it on the southern habit of adding s's to all nouns. Like K-Mart's, Wal-Mart's and Krogers' Correct is Steve Scalise- Houma is divided down the middle between the 2 districts-my bad again.

The screenshot shows the CERCLIS Version 3.90 PRODUCTION DATABASE interface. The main window displays the 'Site Status and Description/Operative Units' form for the site 'DELTA SHIPYARD'. The form is divided into several sections: 'Special Initiatives' (empty), 'Site Short Name' (DELTA SHIPYARD), 'Owner Operator Type' (Other), 'Operational Status' (Blank), 'Federal Facility' (No), 'Federal Facility Indicator' (Not a Federal Facility), 'Responsible Federal Agency' (Blank), 'ICRA/State Site ID Number' (Blank), 'Primary RPA' (Blank), 'Primary OSC' (Blank), 'Native American Interest' (No), 'OSQID Name' (BL SITEWIDE), 'OSQID Source' (BL SOURCE), 'Archive Ind' (checked), 'Archive Date' (00-00-0000), 'NPL Status' (Not on the NPL), 'Non-NPL Status' (Site Reassessment Ongoing), 'Date' (10/23/2012), 'EIS Exclusion' (checked), 'EIS Exclusion Date' (00-00-0000), 'Final Assessment Decision' (checked), 'Final Assessment Decision Date' (00-00-0000), 'MFA' (checked), and 'MFA Date' (00-00-0000). The 'Description' field contains the text: 'EIS exclusion made in consultation with LDEQ 12/03. EIS completed 1/2/1999 site was referred to removal as possible E-CA candidate. LDEQ currently (11/10/2010) is currently evaluating options for site, site still part of existing CERCLIS backlog. LDEQ asked EPA to reevaluate site in late 2015, site reassessment is ongoing.' The bottom of the window shows the site short name 'DELTA SHIPYARD' and the date '8/09/2013 1:50 pm'.

Also, for final rule, since we are revising the doc record for Jackpile, I'd like to have CSC correct the location in doc record to Laguna Pueblo (which is what is in the FR and narrative) rather than Paguate. I will ask them to do this.
